Missing Woman's Brother Believed Enroute To Rendezvous

### KIDNAPPED

Seized by two men while shopping at Bayshore, L. I., Mrs. William H. Parsons, 38, wealthy society matron, is being held for \$25,000 ransom. The men sped away with her before she could call for help. An eight-state alarm has been broadcast and all roads from Long Island are under strict police guard. Mrs. Parsons is in the center above.

NEW YORK, June 11—(INS)—Acting in the belief that Mrs. William H. Parsons, kidnapped society matron, had been murdered, local authorities at Stony Brook, L. I., today began an intensive hunt in the vicinity of her estate and ordered all ponds drained.

State police and Federal Bureau of Investigation agents under Rhea Whitley discounted the theory of foul play and pressed an eight-state alarm for the kidnappers who seized Mrs. Parsons Wednesday and carried her off in their car after leaving a ransom note for \$25,000 in her automobile.

Mrs. Anna Kupryonova, whose 12-year-old son, Roy, had been adopted by Mrs. Parsons' husband, declared the missing woman had left her estate, on which she and her husband raised squabs, at 11 o'clock Wednesday morning to meet some people who were interested in purchasing some property she owned in Huntington, L. I.

Frank McDonnell, brother of missing Mrs. Alice McDonnell Parsons, raced by car along Long Island's gold coast today, apparently seeking contact with the kidnappers.

McDonnell dashed from his estate at 9:50 a. m., a few minutes after a swarthy taxi driver at the wheel of a Yellow Cab drove up to the house and went inside.

The brother, evidently having received some message from the driver, ran from the house and drove off in his own car. Police blocked the roads so that no one could follow him.

Home Art Club Tenders Party To Local Member

The Home Art Club members gave a party for Mrs. Nicholas Paoletta, 802 Jefferson avenue, Thursday evening. The affair was a surprise to Mrs. Paoletta and she was presented with a sweater. The evening was spent in a social way, and a supper was served. The table was decorated with cut flowers.

## 50 M. P. H. TO BE LEGAL SPEED LIMIT IN STATE

Increase of 10 Miles Provided in Measure Just Signed by The Governor

OTHER CHANGES MADE

Fifty miles per hour will be the legal maximum speed limit for automobiles in Pennsylvania beginning September 1. The increase from 40 to 50 m. p. h. is provided in a measure sponsored by Representative Elmer Kilroy, Philadelphia, and signed by Governor Earle before leaving on a 10-day vacation trip.

Announcing the signing of the measure yesterday, the Keystone Automobile Club expressed the view that this and other changes in the speed law pave the way for "real enforcement." It has been customary for years, the Club points out, for the authorities to "wink" at violations of the antiquated speed limitations, in agreement with the majority of drivers on the inadequacy of the 40-mile "top."

"With 50 miles per hour the legal maximum," said J. Maxwell Smith, General Manager of the Club, "there can be little excuse for motorists violating the law. With the unified Highway Patrol and State Police patrolling the highways as the State Motor Police, we look for real enforcement of this reasonable speed limit."

The Club manager pointed to other important provisions in the law establishing 25 or 35-mile limits within business or residence districts where formerly the only alternative to the maximum speed limit was to "clamp down a 20-mile limit which only rarely was enforced."

"The new limitations," he continued, "give authorities the leeway essential to proper control of traffic. Thirty-five miles per hour is perfectly reasonable and proper in locations now posted for unenforceable 20-mile speeds. A standard 25-mile limit in sections where low speed is desirable will, we are confident, be accorded more respect than the hodge-podge of 20-mile limits now scattered throughout the State."

Twenty-mile limits, it is further explained, are retained under the following conditions: When approaching within 200 feet of a railway grade crossing where official signs are displayed, and when approaching within 50 feet of and in traversing an intersection of highways within a business or residence district when the driver's view is obstructed. The latter limitation does not apply to vehicles traveling on "through" highways, or at intersections controlled by officers or traffic signals. A driver's view will be deemed to be obstructed if during the last 50 feet of his approach to the intersection he does not have a clear and uninterrupted view of the intersection and all traffic approaching for a distance of 200 feet.

## Y. M. C. A. Secretary Is Speaker at Exchange Club

An assistant secretary of the State Y. M. C. A., Mr. Darter, addressed members of the Exchange Club when they gathered in weekly session at the Elks' Home here last evening. Mr. Darter, who is in charge of expansion for eastern Pennsylvania, talked on the need for organization of youth and the proper training of youth for the job of carrying on the duties that will soon fall to their share. Mr. Darter said that a proper moral attitude must be developed so that the citizen of tomorrow may properly fulfill his tasks when he is called.

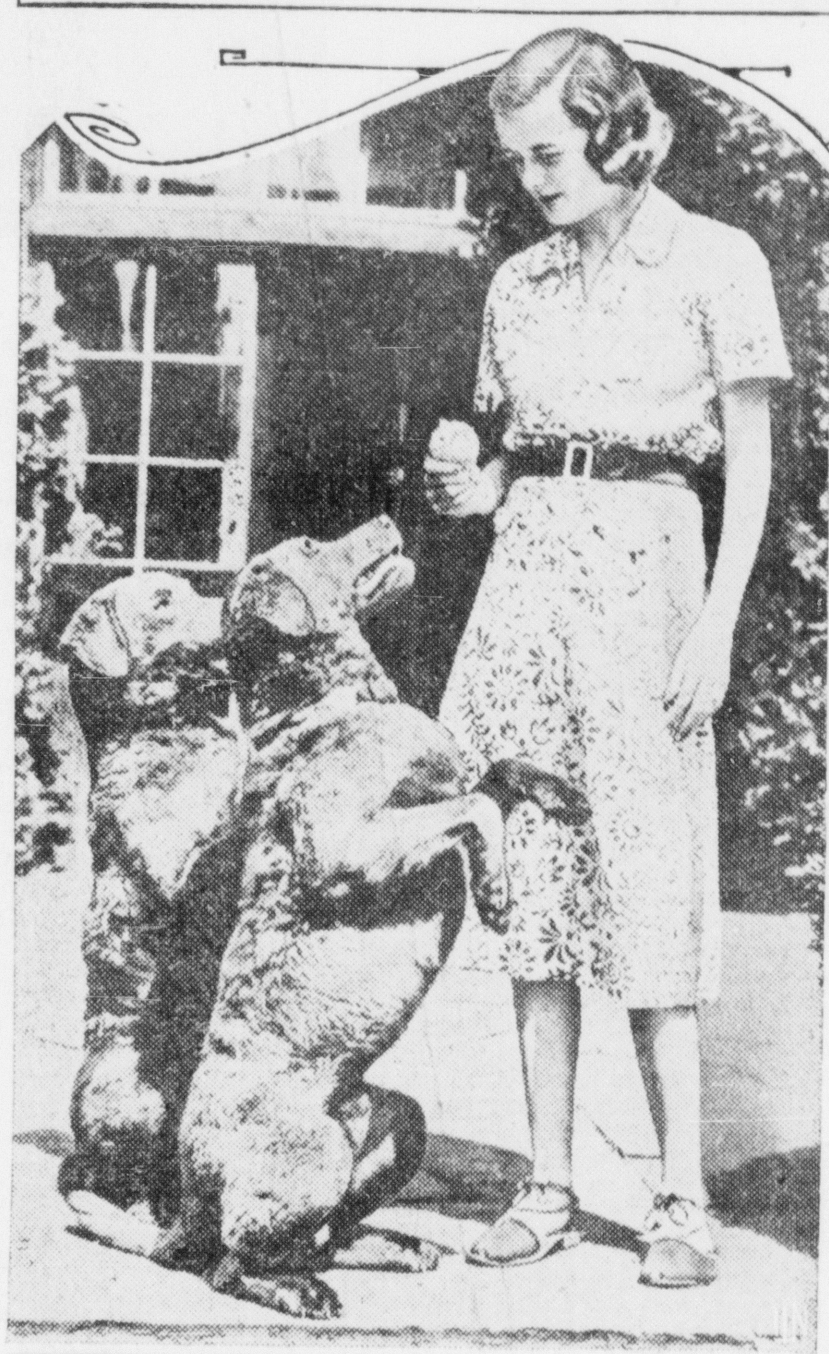

## Medals To Be Presented Several School Pupils

Within the next few days American Legion honor medals will be bestowed upon deserving pupils in various schools in this section.

At St. Ann's parochial school, Sunday evening, Mrs. J. C. Schmidt, Jr., and William Griffith will present a medal to the recipients; at St. Charles commencement exercises Sunday afternoon, Mrs. Arthur F. Zug and Dr. J. Fred Wagner will have the honor of making the presentations; and at Bristol high school, Monday morning, at nine o'clock, Mrs. H. V. Wessaw and Percy G. Ford will present the medals.

Flag day exercises will follow the presentation of the medals at the high school, with John Leslie Kilcayne delivering an address. The program is directed by Joseph Schreiber, Americanization officer of Robert W. Bracken Post, American Legion.

Exercises To Be Held At Upper Southampton On Wednesday Evening

INTERESTING PROGRAM

SOUTHAMPTON, June 11—Commencement exercises will be held in the Upper Southampton high school Wednesday evening at which time 13 girls and seven boys will receive their diplomas. The girls will wear white caps and gowns and the boys will be attired in black caps and gowns.

The commencement theme will be "The History of Our Local Organizations," and the class speakers will be Dorothy Noe, Ruby Foden, William Barclow and Myron Beans. Georgeine Thomas has been requested to read her senior essay, "The Life of Lincoln."

Included in the program will be special music and the presentation of awards.

Class night was to have been celebrated on Friday, June 11, but it has been decided to hold this social function on Monday, June 14.

The last issue of "The Herald," the school paper, was put out by the new staff which has been greatly enlarged. This staff has been approved, but it has been announced that it may be necessary to make some changes at the beginning of the next school term.

The new editor-in-chief is Ralph Hays. Other members of the staff are: Assistant editor, Fay Hebert; literary editor, Anne Reim; news editor, Grace Johnson; feature writer, Ena Schilder; humor and personals, Leonard Bickle; exchange, Christine Ermentrout; art editor, Pauline Wood and business manager, Florence DePue. Each editor will be assisted by a group of students. The faculty advisor has not been announced.

## Rescue Squad Appeals To Residents for Aid

The Bucks County Rescue Squad will conduct its annual drive for funds beginning today and appeal to the residents of this community for aid in keeping the squad well equipped and active in the work it has been conducting.

In making an appeal to the public those active in the squad ask:

"Will you ever need an ambulance or perhaps first-aid?"

"Help keep these things handy by donating to the Bucks County Rescue Squad which is now making its annual drive."

Many calls are answered each year by the squad which always responds day or night when summoned to give help or assistance.

### May Call New Strike

Detroit, Mich., June 11—While new strikes sent the number of strike idle in Michigan to more than 50,000, Robert Travis, a U. A. W. organizer, today said there was a "possibility" that a general strike would be called in Flint, a city of 165,000.

Approximately 13,000 men already were idle in the Chevrolet plant of the General Motors Corporation in Flint, due to a new strike of workers in the Chevrolet-Grey Iron Foundry at Saginaw. About 8,000 were idle because of the Saginaw strike.

### CIO Orders Steel Strike

Johnstown, June 11—The CIO today trained its guns on the Bethlehem Steel Company, the nation's largest independent steel producer, ordering a strike of its 12,000 workers in the vast Cambria plant here at midnight tonight, to bolster a walkout on the company's subsidiary, the Conemaugh and Blacklick railroad.

The railroad employees were ordered to strike by their brotherhood when the company refused to recognize their union as a collective bargaining agency. The sympathy strike in the 8-mile long plant here was ordered by the CIO after a conference in Pittsburgh between Philip Murray, chairman of the Steel Workers Organizing Committee; Clinton Golden, regional SWOC director, and David Watkins, organizer in Johnstown.

### Four Hurt at Burlington

Burlington, N. J., June 11—Four persons were hurt today in a head-on collision one mile south of here.

Samuel Shaw, 50, of Burlington, at the wheel of one of the automobiles was cut about the forehead, and his daughter, Marian, had her neck severely gashed when she was thrown through the windshield.

## EXPLAINS ASTROLOGY'S MYSTERIES TO THE DOYLESTOWN ROTARY CLUB

DOYLESTOWN, June 11—Wynn, the talk indirectly into a discussion of transmigration of the souls, and the comment that the good man in this life may have been a "bad actor" in another existence who profited by his mistakes and, according to that philosophy, is improving toward the perfection of Nirvana; paying incidentally in this existence for the mistakes in the last. In the main, it is said, this philosophy is Buddhist.

But the astrologer, said Wynn, can tell in the hour of a child's birth, what the child's aptitudes will be, according to the sign under which it was born. Incidentally, in answering a question, he emphasized that there are no "lucky" dates nor "evil stars." The belief in lucky dates, he added, has been responsible for many bums, who simply drifted.

The astrologer, in the brief time allotted him, could only touch a few of the high spots, but in a round table later, went more deeply into this and kindred subjects.

One of the points he brought out was that real estate goes up and down as though handicapped to the moon, with a "high" every nineteen years, as has been proved throughout the last 100 years at least.

Zodiacal signs, he said, are merely coloring agents, but do not direct the path to a certain point. This led the

## WRITES OF VALUE OF H. S. EDUCATION; WINS \$10 PRIZE

George Brown, Jr., Presented With Mothers' Ass'n Award

ESSAY JUDGED BEST

Says Education of Today is Not Tiresome Drudgery of Former Years

The prize-winning essay of George Brown, Jr., member of the Bristol high school graduating class of 1937, for which Brown was given \$10 as a prize by the Mothers' Association, is herewith given in full:

## VALUE OF A HIGH SCHOOL EDUCATION

(By George Brown, Jr.)

A high school education is of such great importance and value that its true merits and advantages are very often under-estimated. The high school education of today is not the tiresome drudgery of former years, but has become revolutionized until even the boy or girl who professes that "I hate school" is captivated by the encouraging, helpful atmosphere of the high school of today. "Why," we ask, "has this change become so pronounced within the last few years?" Simply because the school is not merely a place of compulsory attendance, but is also a place of companionship, recreation, and, most important of all, a place which affords a wholesome background of scientific and cultural ideals which tends to produce a sense of security as well as equipment for life.

How has this great evolution taken place? Let us look at just a few of the improvements which tend to make our high school a place to be looked up to and cherished.

First, new courses have been added to the curriculum! Instead of the three old stand-bys, namely, Reading, Writing, and Arithmetic, we now have various subjects which not only teach the fundamentals of education, but also give varied and well-polished background of both the theoretical and the practical side of industry, commerce, and the world at large.

Next, more competent teachers have been added to the school system. Formerly, teachers were required to have but a two- or three-year course at a Normal School in order to become qualified to teach. Now, under our modern system, they are required to attend a certified college or university for a minimum term of four years, and, in many cases, for a much longer period of time. As a result of this, our teachers have become more and more competent and responsible.

Finally, we come to the addition of athletics and other extra-curricular activities.

### NOT OUR FIGHT

While every American has the inalienable right to think what he pleases about Hitler and Mussolini, and to pity Germans and Italians who do not possess this right, this is the time for Americans to decide to stay out of the next European war.

When the dictators start the wholesale slaughter in Europe, when London and Paris are bombed and women and children by the thousands die, it will be hard to remember that the war is strictly Europe's mess and that we have no business in it. If every American makes his decision now to oppose any entanglement in the general embroglio, and sticks to it, this nation will stay out. If propaganda is permitted to sway the national emotion, this nation will again be in it up to its neck. When it's over, this nation will again be left holding the bag, while Europe proceeds to find new dictators and to prepare for the next set-to.

All observers believe Mussolini and Hitler must be removed from the European scene before there is any hope for removal of the war fear hanging over Europe. But it is up to Europe to clean house, not the United States. The duty of every American is to see that the United States stays out of the European kettle of fish, and that conditions in this, his native land, are not permitted to develop to the point where one-man government is permanently fastened upon a once free people.

### STATES CO-OPERATE

Apprehension of criminals has been made easier through an ingenious extension of the powers of states through establishment of the Council of State governments, in which 30 states now have membership. This is perhaps the least objectionable growth of bureaucracy that has been chronicled in years, and is certainly preferable to continual extension of the powers of the Federal government to solve every imaginable problem.

Through appropriate legislation passed by the state legislatures, and through agreements entered into between the states, officers of one state may now crash the state boundary in pursuit of criminals, the boundaries of the following states having been opened: Arizona, Colorado, Delaware, Louisiana, Kansas, Maryland, Massachusetts, Montana, Nebraska, New Jersey, New Mexico, New York, Oregon, Rhode Island, Utah, Vermont, Virginia, West Virginia and New Hampshire.

In addition, interstate supervision of parolees is being arranged among 19 states, extradition procedure has been simplified by 16 states and necessary witnesses in criminal cases are made available by agreements between 19 states.

The life of the criminal promises to become harder, and if the co-operation relating to supervision of parolees works the entire movement will have been worth while.

## LIST SAFETY RULES FOR SUMMER BATHERS

Caution Should Be Exercised  
By Those in Water During  
Vacation Season

### DIVING IS DANGEROUS

With the beginning of the school vacation season youngsters in this area are crowding the familiar swimming holes, seeking relief from the heat and sporting about in the water.

Ten safety rules for swimmers were compiled for swimmers recently in Detroit by Alfred S. Moreau, first aid director of the Detroit Red Cross. These rules are published for the education of local swimmers.

The rules are:

1.—Check your swimming ability during the season's first plunge; you may have forgotten more than you realize.

2.—Remember, distances appear shorter in water.

3.—Ask for information before going into strange water. Sunken objects, weeds and swift currents often trap experienced swimmers.

#### Caution in Diving

4.—Dive only when you are sure of the depth and condition of the water.

5.—Learn how to handle canoes, rowboats and other small craft. They are dangerous only in the hands of the inexperienced.

6.—Never swim alone.

7.—Do not swim during the heat of the day or when overheated.

8.—Never swim until two hours after eating, to avoid cramps.

9.—Don't call for help in fun. It may cost your life when you really are in need.

10.—Alcohol and water do not mix.

#### Pranksters Called Dangerous

Dare-devils and pranksters are the most dangerous persons on the beaches, according to Moreau. He added:

"The show-off who dives from the most perilous perch and the smart alec who cries false alarms for help are not only risking their own lives, but are endangering the lives of others. These and the inexperienced swimmer who ventures beyond his depth are the cause of nearly all preventable drownings."

#### Kills Self With Razor

Gloucester, N. J., June 11—John McGovern, 63, slashed his throat with a razor today, police said. He was dead when found by his wife, who told police he had been despondent because he couldn't sleep nights.

#### Nurse Admits Hoax

Chicago, Ill., June 11—What first loomed as a "plot" to kidnap J. Rocke-

ller Prentice, grandson of the late John D. Rockefeller, was a closed book today to police and the young hospital nurse, who admitted arranging the hoax to re-capture her friend.

Released by police after she admitted her bizarre story was false, Miss Margaret Montgomery, 26, returned to her home fearful that she might lose her job in the Presbyterian Hospital.

### Recommend Deeper Channel

Philadelphia, June 11—If recommendations of the War Department are carried out, the channel of the Delaware River, eastern Pennsylvania's outlet to the sea, will be dredged to a depth of 40 feet between northeastern Philadelphia and the Delaware Bay.

This was revealed today by Secretary of the Maritime Exchange.

### Prisoner Ends Life

Philadelphia, June 11—Edward Theswica, 49, who was to be released today from Moyamensing Prison after serving ten days on disorderly conduct charges preferred by his wife, ended his life in a leap from the pier of a cell block. Six prisoners witnessed the plunge, but none was able to reach him in time, they told guards.

### EDGELY

Mr. and Mrs. Ewald Caullwine entertained the husbands and wives of members of Thomas L. Leedom Company office force, Wednesday evening, at their home on Woodside avenue. Games were played on the lawn, and refreshments served to: Mrs. Frances Schell, the Misses Eleanor Armstrong, Katherine Weakes, Doris Patterson, Violet Burton, Mary McGee, Carrie Rapp, Winifred Kelly, Mr. and Mrs. William Lynn, John Mulligan, Henry Clay, Mr. and Mrs. William Rogers, Warren Woodruff, Mr. and Mrs. Samuel Rogers, Charles Wexler, Mr. and Mrs. Charles Robinson, Mr. and Mrs.

## ALL STEEL and TWO YARDS WIDE

THERE'S a lot more in this picture than meets the eye, though the eye has plenty to sparkle about in the stunning style of this spirited Buick car.

What you don't see here is the lift that's yours when you touch off the flashing power of Buick's valve-in-head straight-eight engine and go streaming off across the map.

What you don't see is the firm, steady feel of Buick—the firm stability that holds you on the line without weave or sway or wander on straightaways or on the curves.

What you don't see is the assurance you'll know once you step on Buick's tiptoe brakes and see how surely and safely they make you master of its power.

We can't picture here the security that's yours in a body of steel-fused-to-steel—with floor, roof, side panels, cowl all welded into one stout unit of protective metal.

And only time can tell you how big is your money's worth in Buick—all steel and two yards wide, a big package that's your one best bet of the field when you add the superb action that gives its metals life.

All we can do is show you how a Buick looks—and handsome as this gallant traveler is, remind you that its good looks are literally the least of what it has to offer. Go try a Buick now!

## Writes of Value of H. S. Education; Wins \$10 Prize

Continued From Page One

activities to the high school roster. To combat the time-worn adage "all work and no play makes Jack a dull boy"—is the essential object of these new additions. Athletics, in one form or another, not only establishes a championship team but also teaches co-ordination of mind and muscle as well as team play and co-operation. Other extra-curricular activities such as clubs, both service and social, tend to make able leaders of men and women who because of the experience in government and service are more capably fitted to take their places as fine, upstanding citizens.

Now we come to the definite advantages of this education which I have endeavored to describe.

The first value is preparation for college. Without a high school education it is impossible to attend a college or university. Few people regard this

as vitally important, but under the expert tutelage of doctors and professors, many of the world's greatest men and women have developed from mediocre beings into outstanding exponents of science and research.

Following, we have preparation for home life. This is of special import to the individual who is unable to attend an institution of higher learning. Without an education, no positions of any importance are available. This indeed is most important because the average high school graduate must adjust himself to the problem of supporting himself which has been taken care of in the past by Mother and Dad. No longer should he depend upon others but should endeavor in some way to repay all that has been done for him in the past.

Next comes the selection of a career or life work. In high school the student has been under close supervision of qualified teachers and advisors who have noticed various idiosyncrasies and aptitudes which tend to influence him in his choice of a career. All these traits are developed and turned into

a useful trend by which the student himself may prosper.

Finally, a high school education helps to equip a boy or girl for happy domestic life. It blends one's character traits into a wholesome desire for that which is right in all things. Better government of the home is taught as is the one main ideal of domestic life; namely, "Learn to see the other person's point of view as well as your own."

In conclusion, I wish to go so far as to state that a high school education means everything to an individual. Without it, nothing really worthwhile can be accomplished because a person is unfitted for the trials and hardships of the great battle of life.

Mr. and Mrs. Franklin Wallen, formerly of Maple Beach, are now making their home in Bristol.

Mrs. Alonzo Carr, Croydon Manor, after a fall on Memorial Day, was removed to the Northeastern Hospital in the Bucks County Rescue ambulance, where x-rays will be taken of her injured knee.

Sudden death occurred at their homes in Tacony for Walter Donaldson, father of Mrs. George Cornwell, and Frank Snyder, Sr., father of Frank Snyder, Jr., First avenue. Both men are well known in Croydon.

The young people's association of Wilkinson Memorial M. E. Church enjoyed a hike and roast along the Delaware River in Bensalem Township Saturday evening.

Mr. and Mrs. William Siebold entertained a party of friends and relatives at their home Tuesday night, in honor of their daughter Marie's graduation. Music, dancing and singing were enjoyed, with the serving of a delicious lunch.

Mr. and Mrs. Frank Vogel entertained on Sunday Mrs. Vogel's mother and father, and several friends from Philadelphia.

Harry Mossbrook, Chambersburg, was a visitor last week among relatives here.

SO SHE BAKED A CAKE WITH SPRY AND IT WAS WONDERFUL

### PINEAPPLE PARFAIT CAKE

Light and velvety—with a delicate fruit flavor

1½ cup Spry  
¾ teaspoon salt  
¾ teaspoon grated lemon rind  
1 egg yolk  
1½ cups sugar  
3 cups sifted flour  
(cake flour preferably)  
3 teaspoons baking powder  
¾ cup canned pineapple juice  
¾ cup water  
4 egg whites

Combine Spry, salt, lemon rind and egg yolk and blend. Add sugar gradually and cream until light and fluffy. Takes but 3 jiffs with triple-creamed Spry. Add sifted flour and baking powder together 4 times. Add small amounts of flour to creamed mixture, alternating with small amounts of pineapple juice and water, beating after each addition until smooth. Beat egg whites until stiff but not dry and fold carefully into mixture with fine, blended. No wonder Spry cakes are a dream, with fine, fluffy batter like this! Pour batter into two deep 9-inch layer pans greased with Spry. Bake in moderate oven (350° F.) 25 to 30 minutes.

Spread Pineapple Parfait Frosting between layers and on top and sides of cake.

### PINEAPPLE PARFAIT FROSTING

2 egg whites, unbeaten  
1½ cups sugar  
5 tablespoons pineapple juice  
1 teaspoon light corn syrup  
¾ teaspoon grated lemon rind

Combine egg whites, sugar, pineapple juice and corn syrup in top of double boiler and mix thoroughly. Place atop rapidly boiling water and beat constantly with rotary egg beater until mixture holds up in peaks (about 7 minutes). Remove from fire, add lemon rind, and beat until cool and thick enough to spread.

You'll marvel when you taste your first Spry cake — bake one today!

PERHAPS you've used one shortening all your life for cake. So had thousands of women until we persuaded them to try Spry. To their astonishment they found they like Spry cakes better! They're lighter, finer-flavored, better-textured and cost less, too.

Pastry is flakier, more tender made with triple-creamed, satin-smooth Spry. Fried foods are crispier, doubly delicious and as easy to digest as if baked. Get Spry today—the 3-lb. can. You save money and Spry stays fresh indefinitely right on the pantry shelf.

The Packard 120 Touring Sedan for five passengers

As you have been reading on every hand, the costs of labor and materials have had a big rise lately.

This means that Packard, in common with other motor car manufacturers, must eventually re-price its cars in line with these increased costs. Frankly, we can't promise to continue the present low prices another season.

Hence, we earnestly advise you not to postpone looking at the motor car that has astonished America with its outstanding dollar value... the Packard 120.

The Packard 120 is a big, luxurious Packard—a rugged straight eight with 120 thrifty horsepower. We honestly do not believe there is any car within hundreds of dollars of this price that can match the Packard 120 for spirit, agility, handling and riding ease, and surprising economy.

So—act now, save yourself money, and spend the year's best motoring months

in a Packard. Better come in tomorrow and discover how superbly the Packard 120 performs, and how easily it may be bought and operated.

### PACKARD 120

Here's what the Packard 120 Touring Sedan, as illustrated, costs here in Bristol

**\$1282**

Delivered price, including all standard equipment, and state and local taxes

If you, like many others, prefer to purchase your Packard out of income, the necessary down payment on the car is only \$422. Your old car, if of average value, should cover or exceed this amount, leaving monthly payments no higher than \$4.86. Equally attractive monthly terms are available on the other seven beautiful Packard 120 body styles.

## BRISTOL HIGH PLACES 2 ON LOWER BUCKS TEAM

By Louis Tomlinson

Bristol received two places on the All-Star Lower Bucks County baseball team according to the selections of the Coaches who voted upon it in this section. Those selections were released recently by the Secretary of the League, George Reimer, of Bensalem.

Those who were honored from the local institution were Bill Gallagher, ace pitcher of the Cards' staff, and Harry Bauroth, leader of the slugger of the team and center fielder and third baseman. Gallagher won four and lost only one in league competition, struck out 40 opposing batters, allowed only 23 hits, walked but seven, and gave up only 16 runs, many of which were unearned. In his first league start against Langhorne he shut out the home team that day with three hits for the afternoon's work. In the play-off with Newtown and the series with New Hope, the Cards' southpaw was scored upon only twice in three games, of which he won two, both against New Hope. He allowed only six hits, walked four, and fanned 18 in 11 innings of pitching. He pitched 32 2-3 innings in league competition.

Harry Bauroth, who led the local stickers at the plate, batted .552 in eight games to lead the list in that department. He had 15 hits in 23 times at bat, scored 10 runs, had three doubles and a triple for a total of 29 bases. He also stole 10 bases, batted in two runs, walked on eight occasions, and fanned only once. At one time during the season, he made nine consecutive hits in three league games before being stopped by Bensalem. The streak started when he singled his last time up in the first Langhorne game. In the second Langhorne game he had three out of three, and in the next game, which was against Newtown he had another perfect day at the plate with four out of four, and in his first trip to the plate in the next game he singled before being put out on the next time up.

In the play-offs and series he hit .429, getting six hits in 14 trips to the plate, driving in two runs, stealing three bases, sacrificing one, and drawing one walk.

Bill Gallagher and Charles (Chuck) Klein of Langhorne received the most number of possible votes and therefore became co-captains of the team. One other Bristol player, Hardy Johnson, placed on the second team, but due to his becoming ineligible at the end of the season, had to withdraw from the team and the next highest player receiving votes for that position was placed on the second team. He was Gerry Scott of Newtown.

The coaches' selections for the teams were:

First Team	Second Team
Rutherford (Newtown)	Reltzle (Morrisville)
Gallagher (Bristol)	Robinson (Bensalem)
Adams (Morrisville)	Locke (Bristol)
	first base

## JEFFERIES HOLDS ST. ANN'S TO ONLY FOUR HITS

Hill (Newtown)	second base	VanLenten (Bristol)
Klein (Langhorne)	shortstop	Scott (Newtown)
Tomlinson (Bensalem)	third base	Bispham (Langhorne)
Sherman (Newtown)	left field	DeLuca (Bristol)
Bauroth (Bristol)	center field	Wiggins (Newtown)
Pidcock (Morrisville)	right field	Adams (Bensalem)

Honorable mention: Edjys, Bensalem; Stradling, Langhorne; Janney, Newtown; Wallace, Morrisville; Hughes, Bristol; Bound, Bensalem; Harding, Langhorne; Yeager, Morrisville; Hennessey, Newtown; Byer, Morrisville; Reed, Langhorne; Tetter, Bensalem.

The coaches include: Charles Beck, of Langhorne; William Dougherty, of Bristol; Allan Tomlinson, of Newtown; and George Reimer, of Bensalem.

The final standings of the Upper and Lower Divisions of the Bucks County Leagues were as follows:

Team	Won	Lost	Pct.
Bristol	6	2	.750
Newtown	6	2	.750
Bensalem	4	4	.500
Morrisville	3	5	.375
Langhorne	1	7	.125

Team	Won	Lost	Pct.
New Hope	8	1	.889
Southampton	7	2	.778
Fallsington	5	4	.556
Buckingham	4	5	.444
Richboro	2	7	.222
Yardley	1	8	.111

Bristol beat Newtown in the play-offs in the Lower County League in two straight games then went on to take New Hope in two straight games to win the All-County championship.

## Indian Hurler Stages Comeback

"Eddie" Jefferies held the St. Ann's A. A. club to four hits last night on the Maple Beach diamond as the Rohm & Haas club came through with a 5-2 triumph over the Saints. The victory put the Rohm & Haas club a one-half game away from fourth place.

Jefferies' control gave him the triumph and to gain it he bested Charlie Whyno. Whyno was nicked for four safe blows while the chemical mixers' twirler escaped with four hits. Three runs in the second gave the Maple Beach club the triumph.

A triple by DeRisi and error by Dougherty gave the St. Ann's team a run in the second while their final run came in the fifth when Sagolla singled to left. Whyno's fielder's choice on which Massilla errored and a hit by Pico.

A hit by Oppman with the sacks loaded gave the Rohm & Haas team a rally in the initial frame while three came home in the second on Fuoco's single, Jefferies' hit, Forman's error, Angelo's error, and Andy's safe blow. In the fifth Massilla reached base on an error, advanced when Oppman was hit with a pitched ball and scored on Hutchinson's hit.

Willis Hudlin

In action

One of the surprises of the 1937 baseball season has been the amazing comeback staged by Willis Hudlin, veteran hurler of the Cleveland Indians. Although he won but one game last year, Hudlin has flashed surprising form thus far and is leading the league. He has been in the majors for 10 years and has compiled a record of slightly better than 500 per cent for the time. He hails from Wagoner, Okla.

## ZINK SMELTERS LOSE TO ODD FELLOWS' NINE

The Odd Fellows ran their winning streak to seven straight last night on the Edgely diamond as they scored a 1-1 victory over the Superior Zinc Company nine. Tonight the most crucial game of the first half will be played on Leedom's field, the Hibernians playing the Oddies in the tilt that may decide the first half.

## TONY PUCCIO TO FACE AMBROSAN ON MONDAY

With two straight wins tucked under his belt, Tony Puccio, St. Ann's A. A.'s claim to the 120-pound champion of the amateur boxing ranks, will face one of the toughest and fastest boys in his circle, Monday night, in Angelo Ambrosan, Corsac A. C.

Puccio had little trouble in finishing his opponent, Joe Faith, Daggert, last week, but will have his mitts full in attempting to beat the little youngster from Corsac. Ambrosan appeared here and in Croydon several times last season, and although beaten, never hit the floor. In fact, all of

the decisions against him were so close that they could have been scored either way.

Monday night will also see the return of Sammy Sindora, new St. Ann's fighter, who was very impressive in his first start two weeks ago. Sindora, who fights in the 147-pound class, will have as his foe, Mike Sterano, Pen Mar. Sindora will seek revenge for a team-mate, Al Paris, who was beaten decisively by Stefano on the same card that Sindora made his debut.

Matchmaker Sammy Moffo has succeeded in booking Louis Spino, Arena, with Benny Arrizzi, Seymour. Both of these youngsters are capable of doing quite a bit in the square circle and if in form will furnish plenty of excitement for the fans. Arrizzi was defeated by Vince Delia two weeks ago in a very close decision. Spino holds a knockout victory over "Hokey" Leighton and the fans will not be surprised if the Rescue Squad fighter meets Spino on the next card.

Reserve tickets are on sale at the St. Ann's clubhouse and can be secured by phoning 9934 and asking for John Rich.

## PET WOLF CUBS

NANAIMO, B. C.—(INS)—Joyce Maffeo easily won top honors in Nanaimo's pet parade.

She pulled a cage containing five alert, two-week-old timber wolf cubs, captured 20 miles from the city.

Frankie Nicholson's bantam hen, winner of first prize in her class, thanked the judges the only way she knew how. As a blue ribbon was pinned on her cage, she cackled and laid an egg.
